U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on FEBRUARY 26, 1978
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
FEBRUARY 27 - MARCH 5, 1978
--As Reported by Exporters

U.S. DEPT. OF AGRICULTURE
WASHINGTON, D.C. 20250

1 17 1978

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of March 9, 1978 (based on reports from exporters for the week ending February 26, 1978, unless otherwise noted).

Wheat: New sales activity remained fairly strong with significant purchases by Brazil, Morocco, USSR, Poland and Japan. Contract adjustments and the assignment of destinations on sales previously registered to unknown more than offset new sales to unknown. The USSR was the main recipient of the sales switched from unknown. Poland was the only significant buyer for marketing year (MY) 1978/79, registering their initial purchase. The Soviet Union cancelled purchases of 305,000 metric tons (MT) (82,776 MT for the current MY and 222,224 MT for MY 1978/79) as reported under the daily system. The export pace declined to 472,000 MT after the moderate increases the last four weeks.

Corn: Sales activity displayed moderate strength after last week's drop. The USSR and Japan were the major buyers with numerous other countries adding to existing contracts. An unusually large switch from unknown (1,004,800 MT) to the USSR and several other countries resulted in a significant drop in unknown destination sales. Soviet Union purchases increased by 1,394,800 MT on new sales of 500,000 MT and 894,800 MT switched from unknown. Under the daily reporting system, Greece added 242,000 MT for MY 1977/78. A drop in weekly exports to 572,200 MT was probably the result of the continuing problems with inclement weather at most Gulf Coast ports.

Soybeans: New sales (450,600 MT) were heavy as the EC and other Western Europe registered large purchases. Sales activity also reflected the switch of 200,000 MT to the USSR from unknown destinations. Sales for 1978/79 rose by 96,800 MT, principally on sales to the Netherlands and Taiwan. Exports (499,100 MT) were the largest in weeks with the EC and Japan accounting for two-thirds of the movement.

Soybean Cake and Meal: Sales (86,100 MT) slackened from the level of the past three weeks. Korea, the Netherlands and Iran were the major buyers. Sales to unknown destinations declined by 42,300 MT as final destinations were assigned. The EC accounted for over three-quarters of the 129,000 MT exported.

Soybean Oil: Sales to unknown destinations (4,000 MT), India (2,500 MT) and Guinea (1,800 MT under PL-480) accounted for the bulk of the 9,100 MT net increase. Exports (23,200 MT) went primarily to Iran (10,000 MT) and to Peru (11,300 MT under CCC Credit).

Rice: Activity continued modest. Mauritania and Saudi Arabia were the major customers as both bought milled long grain. Sales to unknown destinations rose by 7,400 MT. It was another fairly heavy export week with Indonesia and Saudi Arabia accounting for most of the outgo.

Cotton: Sales activity slowed abruptly from recent weeks' high levels. The 62,500 RB added to MY 1977/78 and 1978/79 sales were principally to Taiwan, Japan, PRC, Germany and Italy. Exports also slowed as 86,200 RB were shipped, 77 percent to Asia.

Barley, Oats and Sorghum: Showed no significant activity.

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
